DOVE OF PEACE IS NOT SOON EXPECTED IN BASEBALL WORLD

DECISION OF JUDGE LANDIS IS EXPECTED BY BOTH FACTIONS SHORTLY.

When Several Stars Hit their Kites to the Federal Star Organized Ball Batted.

NEW YORK, July 16.—The dove of peace is not soon expected in the world of baseball. The all-around peace in the organized league was expected by both factions. Those who backed Rome in the main the ones who had been silent.

Another "dove" is said to have been over the St. Louis situation. All concerned were agreed that there seems to be a chance of peace in the St. Louis situation.

CY PIEH DEVELOPING INTO ONE OF STAR AMERICAN LEAGUE TWIRLERS

Just when it seemed that Cy Pieh of the New York Americans was a false alarm as a pitcher he worked a game against the Washington team that stamped him as one of the pitchers of the game.

Landis' decision is expected by both sides. It probably will be unfavorable to both sides. And to matter who his decision is it will create dissension.

The Chicago jurist probably could have handed down his decision before the baseball season opened. But he didn't. He gave both parties a long time in which to adjust their differences.

COMMERCIAL GRADING FOR CORN ANNOUNCED

Department of Agriculture Announces the New Rules for Classification of Corn

WASHINGTON, July 16.—The grades for commercial corn which were promulgated by the secretary of Agriculture on January 2, 1914, and which went into effect on July 1, 1914, have been generally adopted throughout the corn belt and in the states to that part of the United States and in the Gulf States but are not in use in the states along the Atlantic seaboard.

It is urged that the producers, dealers and consumers throughout the United States more fully understand the correct interpretation of the Government corn grades. Commercially defined explanations are given in the new bulletin of the United States Department of Agriculture, No. 158, Grades for Commercial Corn. This classification which was made by the Secretary and became effective July 1, 1914, divided commercial corn into 4 classes and "samples" the classification being based on the moisture content of the corn, the color, the amount of damage, foreign material and cracked corn.

H. W. Plimley, division manager agent for the Gulf Coast area, who has been here for the past four days in the city, stated today in the absence of the agent, Jack Doyle, that Doyle returned to Houston.

CALOMEL SALIVATES AND MAKES YOU SICK

ACTS LIKE DYNAMITE ON A SLEAZY LIVER AND YOU LOSE A DAY'S WORK

There's no reason why a person should take Calomel, salivating compound when he can get a better bottle of Doan's Liver Tonic—a perfect substitute for Calomel.
